

# Senator Roger Manno

Maryland's 19th Legislative District

Dear neighbors:

Yesterday, I joined Governor O'Malley, Senator Ben Cardin, John Delaney and neighbors from around the county for an uplifting election rally in Gaithersburg. As we did, hundreds of voters lined up around the block to early vote, to make their voice heard, and to have their vote counted.

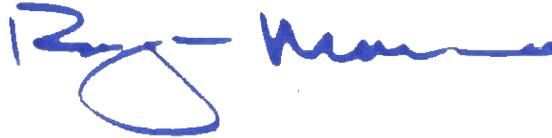

Today, the polls are open until 6:00 pm in Montgomery County, and early voting will continue through Thursday, November 1st between the hours of 10:00 am - 8:00 pm. The lines are long, but record numbers of voters are getting to the polls to vote before the storm makes its way into our area. If you are able, please take this opportunity to early vote. When you do, please help us re-elect President Barack Obama, Senator Ben Cardin, Congressman Chris Van Hollen, Congressman John Sarbanes, and John Delaney for Maryland's new 6th Congressional District.

In just 4 years, President Obama brought us the largest health care expansion since Medicare, saved the U.S. auto industry, brought America back from the brink of a depression, ended the war in Iraq and is winding down the war in Afghanistan. Senator Ben Cardin, Congressman Chris Van Hollen, and Congressman John Sarbanes (representing the new 3rd Congressional District) have been exceptional leaders and partners with President Obama, and have been there for us when we needed them. From education, to environmental stewardship, to health care, to a level playing field for every American, Ben, Chris and John are leaders who we can trust to move America forward.

In addition, I know that John Delaney will be a strong advocate representing us in the new 6th Congressional District, and those portions that overlap the 19th State Senate District that I represent in Annapolis. I've met John personally, and I know his background. His independence, success in the private sector, and strong union family roots give him a unique skill set and perspective that Congress needs to find pragmatic solutions to every day challenges of retirees, working families, and small businesses.

Down the ballot, I hope you will join me, Governor O'Malley and Lt. Governor Anthony Brown in supporting statewide ballot questions, including Marriage Equality and the Dream Act. By doing so, you will ensure that every Marylander shares equal rights under the law, has universal access to higher

education opportunities, that job and revenue growth continues, and that we protect funding for the #1 rated K-12 education system in the nation. Lastly, I hope that you will stand with me, Montgomery County Young Democrats, labor leaders from across the nation, and 38,000 Montgomery County residents, by voting "NO" on Question B in order to protect collective bargaining and our law enforcement families in Montgomery County. Thank you. Please be safe, and please vote.

A handwritten signature in blue ink, appearing to read "Roger Manno". The signature is fluid and cursive, with a large loop at the end of the last name.
